The company

KERMEL

20 rue Ampère

68027 Colmar Cedex

is granted authorization according to Oeko-Tex Standard 100 to use the Oeko-Tex mark, based on our **test report LYC-08-2823**

for the following articles:

Aromatic fibers KERMEL® raw and mass dyed.

The results of the inspection made according to Oeko-Tex Standard 100, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for products with direct contact to skin.

The certified articles fulfil the requirements of the existing European legislation regarding the use of azo-dyes.

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex mark only in conjunction with products that conform with the sample initially tested.

This authorisation is valid until 30.09.2009

Lyon, 01.09.2008

le Président,

M. Cannot
